## COMPUTER GRAPHICS

### PRIORITY CLAIM

[1] The present application claims priority from European Patent Application No. 03252037.<sup>4</sup> filed March 31, 2003, the disclosure of which is hereby incorporated by reference.

from  
8/29/07

### BACKGROUND OF THE INVENTION

#### Technical Field of the Invention

[2] The present invention relates to computer graphics and in particular, but not exclusively, to the rendering of an image including shadows in a graphics scene generated by a computer.
